

# Oor ons / About Us

Vaal Stereo se bestuur kom oorspronklik van Radio Suid Afrika af.

Jacques Coetzee, die stigter van Vaal Stereo, het gedurende 2021 verhuis na Deneysville, op die Vaaldam, en as gevolg van aanvraag besluit om Vaal Stereo te stig vir die omliggende gemeenskap.

Die voordeel aan Internet radio is dat enige persoon, enige plek in die wêreld kan luister na ons! Dit maak dat gereelde besoekers aan Deneysville, Vaal Marina of selfs Oranjeville ter enige tyd kan inluister en presies weet wat huidiglik, of in die komende weke aangebied gaan word in die omgewing. Die Vaaldam is 'n groot aantrekkingskrag vir baie besoekers.

Na gelang van aanvraag het hy terug verhuis na Vanderbijlpark en het die hoof studio dan ook sy nuwe setel gevind in Vanderbijlpark.

Gedurende Februarie 2024 het Jacques dan ook die eienaarskap van Radio Suid Afrika bekom. Hierdie twee stasies hardloop nou so saam as susterstasies van mekaar met Alwyn Mouton aan die stuur van sake op Radio Suid Afrika. Jacques Coetzee wend al sy aandag aan die suksesvolle bestuur van Vaal Stereo saam met sy dogter, Marizanne Kent, wat as mede direkteur op die stasie dien in haar hoedanigheid as Administratiewe en sosiale media direkteur.

---

Vaal Stereo's management originally came from Radio South Africa.

Jacques Coetzee, the founder of Vaal Stereo, moved to Deneysville, on the Vaal Dam, during 2021, and due to demand decided to establish Vaal Stereo for the surrounding community.

The advantage of Internet radio is that anyone, anywhere in the world can listen to us! This means that regular visitors to Deneysville, Vaal Marina or even Oranjeville can listen in at any time and know exactly what is currently, or will be

offered in the coming weeks, in the area. The Vaal Dam is a major attraction for many visitors.

By popular demand, he moved back to Vanderbijlpark and the main studio then also found its new seat in Vanderbijlpark.

During February 2024, Jacques also acquired the ownership of Radio South Africa. These two stations now run together as sister stations of each other with Alwyn Mouton at the helm of affairs on Radio South Africa. Jacques Coetzee devotes all his attention to the successful management of Vaal Stereo together with his daughter, Marizanne Kent, who serves as co-director on the station in her capacity as administrative and social media director.
